## WOMAN DIES 4 HOURS AFTER 2 CARS COLLIDE

Mrs. Stella Dykeman, 38, 111 N. Jay St., Rome, N. Y., was fatally injured in an accident eight miles south of here on the Emmitsburg Rd., Monday afternoon.

The accident occurred at 12:40 o'clock and death occurred at 4:55 o'clock at the Warner Hospital. Dr. C. G. Crist, Adams County coroner, said the death was caused by a fracture at the base of the skull. Mrs. Dykeman had not appeared seriously injured when she was brought to the hospital and originally talked about the possibility of flying to Rome from Harrisburg, but then decided to remain at the hospital. About 30 minutes before death a breathing difficulty occurred and death followed.

State police have filed a charge of involuntary manslaughter against Touten. A hearing before Justice of the Peace Robert P. Snyder will be held following Touten's discharge from the hospital.

### Enroute To Rome

She and her brother, Albert P. Touten, 26, also of 111 N. Jay St., Rome, a salesman, were enroute north from Daytona Beach, Fla., for other members of the family, planning to drive them south to join Mrs. Dykeman's husband, Edward George Dykeman, at Daytona Beach, who remained there to arrange for the expected arrival of the group.

State police said Touten, headed north, passed another northbound vehicle on the Emmitsburg Rd., and his car skidded on the wet highway as he brought it back into the northbound lane. The Touten car then went off the highway, returned to the highway and smashed into an auto being driven south by Dr. John Shovlin, 42, a Camp Hill dentist.

At the Warner Hospital Touten was found to have a fractured pelvis and contusions and was admitted as a patient, as was Mrs. Dykeman. Dr. Shovlin was treated for lacerations of the nose and cheek.

## Shows Puerto Rico Pictures To Club

John Naugle, assistant county farm agent, showed slides on "Agriculture in Puerto Rico" at a meeting of the 4-H Dairy Club Monday evening at the Adams County Court House. The pictures disclosed the contrast between the poor and the rich living on the island and the different kinds of terrain and the vegetation. The slides included scenes from nearby islands and revealed how the Puerto Ricans organized artificial breeding cooperatives. Mr. Naugle was stationed in Puerto Rico for two years.

The club made plans to visit the Southeastern Pennsylvania Artificial Breeding Cooperative in Lancaster on Saturday, March 24. It was announced that the club has entered the Hoards Dairymen judging contest.

Mr. Naugle asked members to display their animals at the regional 4-H show in Lancaster in August and at other 4-H shows.

Russell Grove, president, presided. There were 16 members and 11 guests and two local leaders in attendance. The club will meet again April 9 at 8 p.m. at the court house.

## TAYLOR NAMED ADAMS AUDITOR

George P. Taylor, Biglerville R. 1, was named by the Adams County court Monday as county auditor to fill out the unexpired term of the late George M. Conover. Mr. Conover, a veteran county auditor, had been elected November 7, 1955, to a four-year term. He died February 9 after this year's audit had begun.

Mr. Taylor in January completed a term as associate judge of Adams County and prior to that had been county commissioner for two terms. The court action came on a petition urging Mr. Taylor for the post "as a citizen and a qualified elector of Adams County and as a suitable person and a person qualified to serve as county auditor."

The petition was signed by County Republican Chairman John H. Basore and 13 others including County Register and Recorder Carl S. Menchey, County Treasurer Jacob G. Appier, County Clerk of Courts Kenneth W. Johns, Commissioners' clerks Clarence C. Smith and Ray J. Snyder, and former notary Wayne K. Shields. The appointment was signed by Judge W. C. Sheely and Associate Judges A. Dale Knouse and Earl W. Guise.

## Captain W. L. Black, Former College Choir Tenor, Wins Opera Auditions In Denver

"The once-in-a-lifetime, lucky break" reached out to Captain William L. Black, former Gettysburg College student, last week when he won the regional Metropolitan Opera auditions in Denver's Bonifas Memorial Theater. As a member of the class of '45 at Gettysburg College, Black almost failed to "make" the choir "because he couldn't sing." Capt. Black is now stationed at Rocky Mountain Arsenal, Denver, Colo.

Black's selections in the Denver auditions were: "Parsi vedor" from Verdi's "Rigoletto" and "Salut, De-meurse chaste et pure" from Gounod's "Faust."

Black, who is a tenor, originally from Bel Air, Md., won first place among operatic singers from Colorado, Wyoming and Utah. The auditions were judged by John Gutman, assistant manager of New York's Metropolitan Opera Company. The contest was one of this year's seven regional eliminations conducted by the Met.

### Wins Two Awards

The Met's National Council will award \$300 to Capt. Black and an all-expenses paid trip to New York City to sing for Met and radio officials next fall. If he surmounts that hurdle, he will sing on the "Auditions of the Air" (ABC, Mon. 8 p.m. EST).

Standing a husky six feet, the 30-

## Scout Drive In 4 Areas Completed

Completion of the drive for funds in four districts was announced today by Harold Ecker, chairman of the current Black Walnut Boy Scout District fund campaign.

The districts in which the canvass is completed are Fountaindale, Greenstone, Barlow, Orrtanna and Buchanan Valley. Contributions received to date total \$274.25, Ecker said.

The district drive chairman also announced solicitors in two additional areas. Robert Willis is chairman for the Fairfield solicitation assisted by Merle Kittinger, Warren Kleppinger, Lloyd Benner, William Neely, Charles Lott, William Newman, Wesley Schabbe, Kenneth Sionaker and Sara Miller.

J. Wilmer Stoner is chairman of the Orrtanna canvassers assisted by John Wetzel, Paul Wetzel, James U. Neely, Clifford Bie-secker and Arthur W. Roth.

## SERVICE CLUBS ARE TOLD OF AIR DEFENSE PLANS

## ELKS NOMINATE, PICK DIRECTORS

Officers to serve during the coming year were nominated and nine club directors were elected at a meeting of the Gettysburg Lodge of Elks Monday evening.

Those nominated, all unopposed, include the following: C. David McCullough, exalted ruler; J. Russell Kane, leading knight; William C. Kuhn, loyal knight; Charles R. Rupp Jr., lecturing knight; Paul Grube, tiler; J. A. Holtzworth, treasurer; Raymond E. Menges, secretary, and trustee for three years, James R. Riegle.

The following delegates were nominated: To the Grand Lodge convention in Chicago, C. David McCullough; alternate, Kenneth R. Dengler; to the state convention at Reading, J. Russell Kane, William C. Kuhn and Sewell Kapp; alternates, Herbert L. Oyler, Charles Bowers and Kenneth R. Dengler. The election will take place at the next meeting Monday, March 26.

Chosen as club directors were William C. Kuhn, C. David McCullough, Kenneth R. Dengler, J. Russell Kane, Donald Myers, Donald Peters, Richard Cole, Richard Fink and Mervin Stierner.

Exalted Ruler Dengler, on behalf of the lodge, presented a gold wrist watch to J. Russell Kane in recognition of his selection to the South Central District all-star ritualistic degree team. Kane was the first from the Gettysburg Lodge ever to be chosen to such a team.

Announcement was made a regular South Central District meeting will be held next Sunday at 3 p.m. at Middletown Lodge.

**FIREMEN MEET WEDNESDAY**  
The Gettysburg Fire Department will meet Wednesday evening at 7:30 o'clock at the engine house. All members are urged to be present for consideration of changes in the bylaws.

## To Hold Hearing On McPherson's Post

A U. S. Senate subcommittee will hold hearings on the nomination of State Senator Donald P. McPherson to the Interstate Commerce commission.

Sen. James H. Duff, Pennsylvania Republican who has endorsed McPherson, will be one of five senators on the Interstate Commerce Committee's transportation subcommittee which will receive testimony on the ICC nominees. The other senators are Democrats Strom Thurmond of South Carolina, Price Daniel of Texas and George Smathers of Florida and Republican Andrew Schoepel of Kansas.

## PRESIDENT OF YWCA HONORED BY DIRECTORS

A tea honoring the outgoing president of the YWCA, Mrs. Frank H. Kramer, was held Monday afternoon at the Y following installation of officers and a board meeting.

Mrs. John S. Rice, newly-elected president, thanked Mrs. Kramer for her "valuable service to the Y."

Mrs. Kramer installed the following officers: President, Mrs. Rice; vice president, Mrs. Robert Fortenbaugh; secretary, Mrs. J. Albert Blackburn; treasurer, Mrs. Edwin H. Johnson. Mrs. Rice named Mrs. Helen Corbett and Mrs. Mildred Murray auditors.

Mrs. Forrest E. Craver and Mrs. Blackburn were named as new board members.

**"Give Purposefully"**  
Mrs. Rice read quotations from Ann Lindbergh's book, "Gift From the Sea." She read, "This is the essence of the conflict in our lives; to give as much as we are capable to family, to community, to nation and world, but to be sure that we keep rich our inner resources so that we may give as purposefully as possible."

Mrs. Rice said that "if we try we can find again 'some of the joy in the now, some of the peace in the here, some of the love in me and thee which go to make up the Kingdom of Heaven on earth.'"

Mrs. Louise Stanton led the devotions. Mrs. Blackburn, secretary, reported. Mrs. Clark S. Smith, finance chairman, gave a detailed report for the year and the proposed budget for 1956-57. The board made plans to hold its meetings alternately in the afternoons and evenings.

The board will send a letter of thanks to Mrs. Guyon E. Buehler. (Continued on Page 4)

## ATTY. HARTMAN SPEAKS; LIONS HONOR CAGERS

"You boys have been on good basketball teams. Let me suggest that as you approach the end of your school days you pick a good team for the rest of your life. That team should have five members — yourself, your parents, school, country and God. This team will succeed," Attorney Eugene R. Hartman, Gettysburg, said to the four basketball teams who were dinner guests of the Emmitsburg Lions Club Monday evening in the Elias Lutheran Church parish house there.

Dr. John Dillon, professor at Mt. St. Mary's College, presented awards on behalf of the Lions Club given to the high scoring members of the three Emmitsburg basketball teams. Dr. Dillon presented the awards to the coaches who in turn presented them to the players.

Cleon Elliot, coach at Emmitsburg High School, presented the high-scoring award to Clarence An-carrow; John Pantalone and Larry Horning, coaches at St. Joseph's High School, presented the award to Michael Joy; and James Phelan, coach at Mt. St. Mary's College, presented the award to Jack Sullivan.

Numerous Guests Present  
Members of the Emmitsburg High School team present were Cleon Elliot, coach, Clarence An-carrow, George Eyster, David Umble, Aldred Hahn, John M. Humelick, Carl Crist, Edward Wolfe, Wayne Baumgardner, Robert Glass, Donald McCauslin and Cyrus Manahan.

Guests from the St. Joseph's High School were John Pantalone, coach, Richard Little, David Sprankle, James Sanders, John Randolph, (Continued on Page 4)

**BOARD TO MEET**  
Members of the board of directors of the Adams County Crippled Children's Society will meet at the assistance office at 4:15 p.m. Wednesday for their March session. A vote will be taken on a proposed change in the time of the annual meeting from April to September in conformity with a proposal to socialize the fiscal year.

## Dr. Lloyd C. Keefauver's Resignation As Superintendent Accepted; Effective Dec. 31

DR. KEEFAUVER

The resignation of Dr. Lloyd C. Keefauver as superintendent of the Gettysburg public schools was submitted to the joint school board at its March meeting Monday evening at the high school building and was accepted with regret.

The resignation will be effective December 31.

The 65-year-old school administrator who has headed the Gettysburg school system for the last 30 years already has passed the optional retirement age and said in his letter of resignation that "after considered deliberation I have concluded that now is the time to submit my resignation."

### Surprise To Some

In answer to a question from a director, Dr. R. D. Wickerham, board president who had read the Keefauver letter, said he believed it would be useless to ask Dr. Keefauver to reconsider. Dr. Wickerham said he knew that a great deal of consideration had been given the matter by the retiring superintendent and that he felt the decision is final.

Dr. Wickerham expressed the hope that the new superintendent could be secured in time to begin his duties in September so that he could work with Dr. Keefauver for several months before his retirement. There was no indication from anyone that any individual already was being considered for the office. The resignation came as a surprise to some members of the board. Dr. Wickerham asked for suggestions on how to go about filling the position.

The letter of resignation, dated March 5, was addressed to the board president.

### "No Easy Decision"

"This has been no easy decision," Dr. Keefauver wrote, "after many years of service with so many devoted and conscientious teachers and such fine cooperation on the (Continued on Page 4)

## BOARD OKAYS SALARY PLAN FOR TEACHERS FOR NEXT FALL

A proposed salary schedule for Gettysburg public school teachers, submitted by a teacher committee after months of study, was approved in principle Monday evening by the Gettysburg Joint School Board.

With "provisions for 'incentive increments' drawing special praise from members of the board, the salary proposals were given general approval for the 1956-57 school year with the provision that a three-year period will be used to get the present staff on the new schedule to cushion the impact on the school budget.

As adopted Monday evening, \$32,000 extra will have to be budgeted for salaries of the present 80-member teaching staff for the school year beginning next fall to finance the first step in the salary plan, a \$400 increase for all teachers next fall.

**Teachers Answer Questions**  
The other salary increases to get all teachers on the new schedule in the two following years would cost the district \$12,000 a year, according to figures presented to the board.

The directors spent an hour questioning Paul W. Grove, president of the local branch of the Pennsylvania State Education Association and co-chairman of the teachers' salary committee, and Richard A. Folkenroth, a member of the committee. Four teachers were present for the discussion and then left the meeting before the voting began.

The salary schedule was adopted by a roll call vote of 27 to 2 with the motion carrying six of the seven member boards. Only Highland Township failed to give a favorable majority. There were three Highland Township directors present. Two voted in favor of the salary boost and one was opposed.

### Alter Starting Figures

Directors and teachers agreed that the local schedule will be dovetailed into any salary program adopted at Harrisburg and made mandatory upon the district. The local increases would not go "on top" of any state-required salary jumps. Teachers' salary bills have been pending at Harrisburg for a year.

Mr. Folkenroth said that if the proposed salary bills are passed at Harrisburg they will absorb "75 to 80 per cent" of the additional cost to the district by raising the basis for appropriation payments.

Only one change was made in the schedule proposed by the teachers. As approved by the board the starting salary for teachers with a bachelor's degree will be \$3,200 instead of the proposed \$3,400 and that for teachers starting with a (Continued on Page 3)

## FLORY SENT TO PEN ON FORGERY, FRAUD COUNTS

Charles David Flory, 50 Railroad St., was sentenced to from two to four years in the Eastern Penitentiary by the Adams County Court Monday afternoon.

Flory was given the two-to-four-year sentence on a charge of forgery, cheating by false pretense and issuing a worthless check to Donald L. Beford, Littlestown, in connection with a check for \$10 which he gave Beford for a \$6.95 pair of shoes. He signed the check, according to Beford's statement before the court, as "John E. Smith," and received the shoes and the change.

Flory was sentenced to another two-to-four-year term to run concurrently with the first on another charge of forgery, cheating by false pretense and issuing a worthless check brought by Richard A. Little Jr. in connection with a check for \$555 he gave Basehoar Ford Co. of Littlestown for the purchase of a car, signing the check, according to the testimony given by Little, as "John E. Bucker."

**Told To Keep Out Of County**  
Frank Prodanovich, Bradock, was sentenced to six months in the Allegheny County Workhouse on a charge of operating an automobile without the owner's consent. Chief of Police Jack Bartlett told the court Prodanovich took a car parked near the Adams County Motors garage, and the next day walked into police headquarters here and told the court he didn't know why he took the car, "I just got an impulse to take a car I guess."

The court noted that Allegheny Workhouse is close to Bradock, and told Prodanovich to "head for home" after his release there "and don't come back to Adams County."

Roy W. Starlipier, Mercersburg R. D., was sentenced to 60 days in the Adams County jail on a charge of contempt of court after he had failed to keep current support payments. The records brought before the court showed he had not paid on the support order since last September.

The court postponed sentence on Eddie Franklin, 42, Washington, D. C., on a charge of operating while under the influence of intoxicants.

**Woman Gets 15 Days**  
Franklin's brother was seriously injured in an auto accident north of here which led to Franklin's arrest. Police told the court Monday. (Continued on Page 3)

## FIND TWO MORE WINDOWS SHOT

Two door windows shot out by 22 caliber bullets at the north end of the Gettysburg High School were added to the list of those broken in the same manner at the Keefauver Elementary School. Dr. Lloyd C. Keefauver, superintendent of the Gettysburg Joint School System, reported the broken school windows to police Monday afternoon at 2:30 o'clock.

Dr. Keefauver also reported finding 11 empty .22 caliber shells alongside the road at the bend near the Keefauver School. No empty shells were found in connection with the shooting at the high school.

John Horner, janitor at the Keefauver School, made the first report of the shooting to borough police at 6:30 o'clock Monday morning. He told them that some windows had been shot out.

Police investigated and found two rooms each with two windows shot out. They theorized that the shots had come from a clump of trees which border on Winebrenner's Run northwest of the school. Richard Folkenroth, principal at the Keefauver School, reported 13 shots fired that passed through 11 window panes.

## COLD WEATHER IS PREDICTED

By THE ASSOCIATED PRESS

Generally cold weather was the outlook today for most of the country although there was relief from the below-zero blasts in northern Midwest areas.

The southwest corner and sections of the far Southwest were the only mild places.

More rain fell along the leading edges of the arctic air from South-east Texas northeastward through the lower Mississippi Valley, Alabama, Tennessee and the Middle Atlantic Coast states.

Heaviest rains were in extreme east Texas and the lower Mississippi Valley.

Warm moist air streaming northward from the Gulf of Mexico collided with the cold air yesterday, resulting in a long belt of generally light precipitation stretching from Texas to the Great Lakes into New York and parts of the mid-Atlantic coastal area. The precipitation was snow or a mixture of sleet, snow or freezing rain with scattered showers or light rain in Southern regions.

The cold air which spread over Texas lowered temperatures 20 to 30 degrees in most areas.

Lower readings also were reported in New England, the Ohio Valley, the Great Lakes region and the middle and lower Mississippi Valley.

The warming trend was in the northern and central plains and upper Mississippi Valley.

## Services Continue At Baptist Church

Evangelistic services in the First Baptist Church, S. Stratton St., will continue nightly through Friday, the Rev. H. N. Brownlee, pastor, announced today. The Rev. Ray Streets is the visiting evangelist. Services begin at 7:30 p.m. The final service will be Sunday.

The schedule of services for the week is: Tonight, neighbor night; Wednesday, Sunday School class night; Thursday, testimony night, and Friday, youth night.

Wednesday night, delegations from the Grace Baptist Church and the First Baptist Church, Chambersburg, both served by the Rev. Mr. Brownlee, will attend the meeting. There is special music each night.

Sunday night Evangelist Streets spoke on "The Return of the Lord." "Two young people professed faith in Christ Sunday night," the Rev. Mr. Brownlee said. He invited the public to attend the meetings.

## News of Countians In Armed Forces

Pvt. John Keefer, son of Mr. and Mrs. Glenn Keefer, McKnightstown, has arrived in Seoul, Korea, where he will serve with the U.S. Infantry. It was announced today by his family.

## W. EISENHART ADDRESSES DAC

"John Adlum, Irish Patriot," was the subject of a talk by W. W. Eisenhart, Abbotstown, retired school teacher, at a meeting of the Manor of Maske Chapter, Daughters of the American Colonists, Monday evening at the home of Mrs. C. Richard Wolff, York St.

"John Adlum was a grandson of an Irish immigrant who came to America in 1734 and settled in York in 1736," said Mr. Eisenhart. "He received his schooling there from the age of 5 to 13. He went to work at the age of 14 as an apprentice to his father who dressed deer skins from which men's trousers were made."

"At the age of 17 he volunteered for the service in the 'Flying Camp.' A year earlier he served with the 'York Blues.' He served in the Pennsylvania regiment in the Revolutionary Army. Captured at Fort Washington he became a prisoner and was later paroled in 1777 after which he returned to York."

"After recovering from an illness," continued the speaker, "Mr. Adlum took up the surveying profession. Among other things he was an explorer, deputy surveyor, an Indian agent and a vine grower. He is called 'The Father of American Viticulture.' He died in 1836 and is buried at Georgetown, Washington, D. C."

Mr. Eisenhart is a brother of Miss Elsie Eisenhart, regent, who presided at the meeting. An authority on local history he has written several histories of local families.

Assemblyman Francis Worley of Adams County voted against a bill to give legislators a \$3,000 a year pension at the age of 50 after 20 years of service. The bill carried 154-28. Worley said he voted against the bill "because I am representing the people rather than myself; because it is not fair to put legislators in a better pension position than other state employees and because it is unfair to county employees who have no pension plan."

## PROPOSES SELF EXAM BY COUNTY SCHOOL LEADERS

UNIVERSITY PARK, Pa. (AP) — The president of the State Assn. of County Superintendents today proposed a study of the school superintendent's office by the organization itself.

A new project calling for an intensive study was outlined in remarks prepared by Howard A. Farber, Lehigh County superintendent, for presentation to the three-day eighth annual workshop of the association.

"It is high time our organization took the offense and let the others take the defense," Hobart said. He added that the plan was an attempt to balance charges of obstructive progress made against the superintendent's group.

The association has been the chief opponent of the administration's proposed reorganization of the state's school administrative setup. That plan entails elimination of the county superintendent's post and substitution of some regional superintendents.

Hobart said that the association's new plan, approved by its executive committee, calls for creation of a working committee in each of the association's five regions. The chairman of each group would be a member of a state committee charged with "distilling the findings of the regional groups."

A bill now before the Senate calls for the State Council of Education to take one year to make a study of the proposed legislation.

"If that bill is passed, Farber said, 'our project would help the state council by doing much of the spadework.'"

"CHANCE MEETING"

I derive a tender feeling . . . when I meet with my old friends . . . who have drifted out of vision . . . down the road of many bends . . . when I chance to come upon them . . . memories begin to form . . . and we ask of one another . . . how we're weathering life's storm . . . I am glad if they have good luck . . . and they feel the same for me . . . then we ramble on recalling . . . all the days of used-to-be . . . as we delve into the past . . . but deep down inside is sadness . . . for it faded all too fast . . . views are voiced on varied topics . . . and we cover many things . . . when we mention those departed . . . sighs convey just how it stings . . . then, too soon we must be going . . . each upon his separate way . . . but with us goes a yearning . . . to relive those bygone days.

### TOOTH OF THE MATTER

SALINA, Kas. (AP) — Found back of books on a shelf at Salina's public library — a neatly boxed lower dental plate.

Said Librarian Jerry Cushman: "They're real pretty, but we don't want 'em. They're the owner's for the asking."

## BOARD OKAYS

(Continued from Page 1)  
master's degree would be \$3,400 instead of \$3,600.

### Can Earn Extra Pay

The schedule would give teachers without a college degree, who start at \$3,000, eight \$200 increments; teachers with baccalaureate degrees starting at \$3,200, nine increments; and those with master's degrees who would start at \$3,400 would get 10 \$200 increments.

The incentive increment plan offers extra \$100 salary payments at five-year intervals for teachers who maintain a satisfactory rating and who earn additional credits at a college or university. Only teaching experience in the local district is counted in qualifying for the incentive increments, it was pointed out.

No teacher in the local school system is receiving the present maximum salary under state law "and some are not up to the minimum," it was stated Monday evening.

### 31 Years To Reach Top

It was also pointed out that it will take a teacher 31 years of service to reach the top of the salary schedule and to qualify for the maximum the teacher must have taken refresher and postgraduate work steadily. The incentive increment plan will cost a maximum of only \$15,000 in the next three years, the board was told.

Monday night's action on salaries came a month after the board voted 16 to 15 in favor of a \$400 salary raise for all teachers, retroactive to last September. The motion failed to carry the required number of individual boards and was lost. That proposal came from a board committee and had no connection with the teacher salary plan considered Monday evening.

### Purposes Of New Schedule

Figures submitted to the board by the teachers showed the expected cost to each member district of the three-year plan for salary increase and showed the amount of money each district could get from an extra mill of tax or a one per cent real estate transfer tax. Local boards were advised by Attorney John MacPhail, representing the joint board solicitors, to consult their own attorneys before going into new taxes.

The board's teacher and curriculum committee was directed to put the salary schedule in final form for adoption next month and to include principals' salaries in their plans.

Purpose of the new salary schedule was stated this way by the teachers: "To attract to Gettysburg the most desirable teachers available; to give stability to the teaching staff by making it less to the advantage of our better teachers to accept positions elsewhere; to stimulate professional growth while teaching and to enable our teachers to maintain adequate living and cultural standards."

### To Study PTA Plan

Early in Monday's meeting Dr. Clarence Bartholomew of Gettysburg College went over a plan for physical education in the elementary schools proposed by the Gettysburg PTA. After questions from directors, the matter was referred to the curriculum committee for study and recommendation.

Bartholomew had no cost figures but said the initial outlay could be small with a "supplementary" payment to a present teacher to be supervisor, with college students helping out and with little in the way of special equipment.

Letters were read from the Gettysburg PTA urging the board to reconsider the matter of teachers' salaries and announcing the availability of \$335 in PTA funds for playground equipment. This action was lauded by President Wicker-

ham as "very commendable." PTA President James Feather attended the board meeting.

### Seek Building Site

The finance and planning committee is looking for a site for a new grade school building, a committee report showed. Meanwhile they are seeking quarters for three additional rooms of grade school pupils expected next fall.

Suggestions included using rooms at the Hoffman Orphanage School or using at least one room at the high school for Sixth graders to free a room at the Keefauver building for lower grades. Two emergency rooms can be pressed into use at Lincoln School, it was stated.

School board members were asked to be "on the alert" for a suitable 12-acre site for the next grade school building.

### Vote Library \$200

The property committee was directed to make an inspection of school property and make recommendations to the finance and planning committee in time for inclusion in budget proposals next month. The committee met after the board meeting to plan for the inspection.

The Adams County Free Library was voted \$200 after a letter from President Dean Asquith of the library board was read.

Officers of the member school boards signed an agreement with borough council providing for the overhead lighting system to be placed on the high school and elementary school grounds by the Metropolitan Edison Company. The school district will pay for the electricity. Terms of the agreement were described by Mr. MacPhail.

### Grant Use Of Cafeteria

Use of the high school cafeteria was granted to the Adams Electric Cooperative for a luncheon meeting March 31. The Band Boosters will serve the meal.

A letter of appreciation was read from the county Heart Association for use of facilities for the public heart meeting early in February.

Financial statements were distributed to the member boards showing Cumberland, Franklin, Mt. Joy and Strasburg Twp. are in debt to the joint district. Business Manager Kenneth G. Reinhart Jr. said the treasury balance will be sufficient to pay teachers through March.

### Get Cafeteria Reports

The Gettysburg National Bank statement showed tuition payments of \$59,998 received in the last month. Expenses came to \$41,135, leaving a balance at the beginning of the month of \$27,863.

The monthly report of the high school cafeteria showed an average of 464 pupils' meals and 37 adults served on 21 days last month. Income came to \$4,510 and costs to \$4,437, leaving a profit for the month of \$72.

The Keefauver building cafeteria report showed 414 pupils' meals and 30 adults served on 21 days with income at \$2,934 and costs at \$2,880. The profit for the month was \$54.

The Activities fund report showed a current balance of \$11,378. The Athletic fund receipts came to \$282 and expenses to \$1,418, leaving a balance of \$858.

### MRS. TROSTLE BURIED

Funeral services for Mrs. Laura A. (Lemmon) Trostle, 57, wife of Charles C. Trostle, M. St., Littlestown, who died at her home on Saturday afternoon, were conducted this morning at 10:30 o'clock from the J. W. Little and Son Funeral Home, Littlestown. The Rev. Dr. Frederick R. Seibel, pastor of St. Mary's Lutheran Church, Silver Run, officiated. Interment was made in Mt. Carmel Cemetery, Littlestown. Serving as pallbearers were Elwood Wentz, Garlan Heltibridge, Dewey Stewig, Leon Leppo, Albright Lawyer and Raymond Lawyer.

## FLORY SENT TO

(Continued from Page 1)  
day that physicians at a Washington, D. C., hospital, to which the brother has been transferred, said he has "only a slight chance for recovery." The court returned Franklin to jail until April 28.

Rose Mary Hamilton, Rawleigh, N. C., charged with driving while under the influence of intoxicants, was sentenced to 15 days in jail and ordered to pay a fine of \$50 and the costs.

Frank C. Martin was named by the court as supervisor in Cumberland Twp. to fill the vacancy caused by the resignation of Charles B. Miller from that post. A petition submitted to the court asking appointment of a supervisor said the two remaining supervisors, Raymond Redding and Earl G. Heagy, were unable to agree on a successor to fill the vacancy caused by the resignation.

Francis G. Herring was appointed tax collector in Hamiltonban Twp. succeeding G. Luther Reever, who had resigned the post.

Grant E. Hankey, 45, Gettysburg R. 3, was found guilty and fined \$10 and costs on a charge of failing to yield one-half the highway following a hearing on a petition for allowance of an appeal from a justice's decision. Hankey was allegedly on the wrong side of the road when his car and a car driven by Mrs. Ralph Hess, Taneytown, collided near Littlestown. Hankey argued the crash occurred on his side of the road and claimed that Mrs. Hess moved a piece of chrome and a gasoline tank cap that had fallen from the car after the impact from where they had fallen to a spot nearer her car on her side of the road. State Policeman James A. Treas said Mr. Hankey's description of the actual spot where the accident occurred, as given in court, did not agree with the spot where he had agreed the crash occurred when Treas made his investigation immediately after the accident.

### Acquit Driver

J. O. Hawkins, Spring Grove, was found innocent on a reckless driving charge following a hearing. The charge had been brought after his car had struck a flare set out by firemen at the scene of a fire near Brushstown. Testimony revealed there were no firemen, nor fire equipment, nor spectators on the road at the time the Hawkins car struck the flare, and that the fire was "just about over." Bernard C. Brady, fire policeman from McSherrystown, who brought the charge, said that Hawkins would have been able to see the entire area about the fire and said he believed Hawkins was looking at the fire as he passed and his car struck the flare.

The support order of George A. Maitland, 80 W. King St., Littlestown, operator of a Spring Grove restaurant, was reduced to \$12.50 per week for the support of one child following a hearing. The order previously was for a wife and two children, but the hearing disclosed Mrs. Maitland now has one of the children with him.

Roy Rice, Gardeners R. 2, in arrears in a support order, was directed to pay "at least" \$35 per week until the arrearage is paid up on a \$25 per week order.

Wayne E. Sanders, of Florida, was given to April 20 to catch up on a support arrearage provided he posts \$1,000 with surety to guarantee that he would be paid up by that time. Sanders told the court how he got in arrears: "I had the money, but there I was in Florida and it was Christmas time and I got lonely, so I spent the money to come up here and wish my wife a very happy Christmas and then went back."

### Sentence Delayed

Rules against Lloyd J. Yingling, Gettysburg R. 1, and Norris W. Jacobs, York St., on support charges, were continued.

The support order against Clyde Koontz, Gettysburg R. 2, was terminated and an arrearage was "stricken off" when a hearing showed that the child was now married.

Processes against Kermit C. Shultz, 137 S. Washington St., and Raymond L. Beard were dropped when reports showed that they had paid in full costs, and in Shultz's case, a fine, on charges against them.

Eugene A. Imier, York, was found

guilty of contempt of court for failure to keep up a support order but sentence was postponed until April 20 to give him a chance to catch up on the arrearage.

Fenton Harpster, 240 Baltimore St., was directed to post a \$500 bond to keep the peace and pay the costs after entering a guilty plea to a charge of surety of the peace brought against him by his wife, Josephine L. Harpster.

### Wife Turns Bookkeeper

A non-support case brought by Hazel M. Riggs against her husband, George H. Riggs, 128 York St., brought to light that the husband was paying the rent, buying the groceries, etc., but apparently not providing sufficient funds, according to the wife, for clothing for a child. The final decision was that Riggs will turn over his entire paycheck to his wife, and receive in return spending money for himself. Riggs told the court "I'll buy that, let her be the bookkeeper for awhile."

Action was deferred on a petition of Sterling Wonder for a parole on a charge of burglary and attempted larceny because the minimum portion of his six months to one year sentence has not expired.

Argument was heard on objections to the equity action brought by Hugh K. Hamm against his nephew, Walter J. Hamm Jr., concerning an accounting on an alleged partnership between the two in a farming business.

### Accounts Approved

A number of accounts were approved by the court Monday including accounts in the estates of three members of the Sutphin family who were fatally injured in an accident near Harrisonburg, Va., August 30, 1954. Those fatally injured in the crash were Harold P. Sutphin, 44, office manager of the Emmitsburg Shoe Co.; his wife, Ruby McQueen Sutphin, 44 and their six-year-old son, Wallace

Wade Sutphin. A Silver Run youth who was accompanying the Sutphins was also fatally injured. The Sutphins resided in Mount Joy Twp. Presentation of the accounts to the court had been delayed pending possible legal action in connection with the accident. Heirs of the estate are other children of Mr. and Mrs. Sutphin. The accounts of Chester S. Byers and Raymond P. Sanders for the three showed Mr. Sutphin left an estate of \$7,250 for distribution; Mrs. Sutphin an estate totaling \$4,918.25 and Wallace Wade Sutphin, \$6,627.98.

Other accounts approved and the amounts for distribution were: Besie S. Shultz, executrix of John P. Shultz, administrator of the estate of Frederick G. Rife, late of Coneago Twp., none; Paul L. Spangler, executor of the will of Myrtle E. Woerner, late of Cumberland Twp., \$3,057.54; Andrew J. and Holbert I. Riley, administrators of the estate of Charles I. Riley, late of Highland Twp., \$1,222.63; second and supplemental account of John C. Bream and Ira O. Biesecker, executor of the last will of Calvin P. Bream, late of Hamiltonban Twp., \$1,433.65; Kathleen H. Cullison, administratrix of the estate of Estelle G. Campin, late of Gettysburg, none; Sarah E. Geiselman, administratrix of the estate of John C. Geiselman, late of Oxford Twp., \$6,236.81; Robert M. Clouser, executor of the will of Milton S. Clouser, late of Union Twp., \$3,183.57; Charles G. Gallagher and Reily B. Snively, administrators of the estate of W. H. Gallagher, late of Gettysburg, \$10,472.24; Addison R. Durbin, administrator of the estate of A. Gertrude Durbin, late of Gettysburg, \$7,557.25; The Gettysburg National Bank and Edward S. Plank II, executors of the estate of Anna C. Myers Plank, late of Gettysburg, \$4,533.29.

## POLAND'S TOP REDEXPIRES

By STANLEY JOHNSON  
MOSCOW (AP)—Soviet Russia today announced the death in Moscow of Poland's top Communist Boleslaw Bierut. He would have been 64 April 12.

The announcement said the first secretary of the Polish United Worker Communist party died of heart disease late Monday night. A ceremonious state funeral was arranged. Bierut's body lay in state today in the hall of columns of the Council of Unions.

The Russian Communist chiefs picked Bierut late in World War II — while Germany still occupied Poland — to head its provisional government. Bierut rode back into his native land with the Red army and the Communist-dominated Diet elected him president of the Polish Republic in February, 1947.

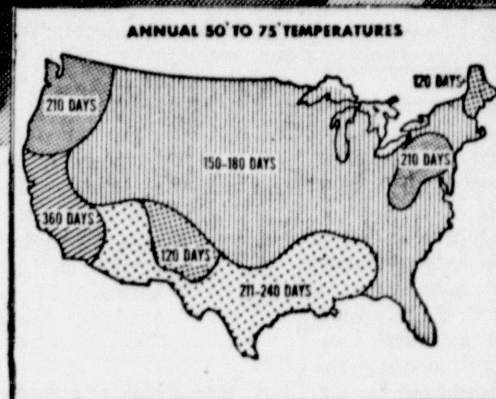

He gave up the presidency to become premier in 1952 and two years later resigned that post to become first secretary of the Communist party.

Bierut, a longtime Communist, died after attending the Soviet party's 20th Congress where the new collective leadership demolished the Stalin era "cult of one person."

He fell ill after delivering greetings of Polish Communist and never recovered.

The announcement of his death was made "with deep sorrow" by the Soviet Union's two most powerful bodies—the Central Committee of the Communist party and the Communist party and the Council of Ministers.

College Notes: The Seniors have decided to wear their caps and gowns to church from and including Easter.

The second of the series of inter class debates for the present school year was held in Brua Chapel Thursday evening, the contestants being the teams from the Junior and Freshman classes, the latter winning by a margin of five percent. The subject for debate was: Resolved, that the Government should seek to regulate the Use of Mines of Coal, Iron and other Raw Materials, Whose Supply May Become the Subject of Monopoly.

W. A. Berkey, G. R. Haaf and C. S. Bream composed the Freshman team and defended the affirmative side. The Junior speakers were: C. E. Arnold, E. V. Roland and S. E. Smith.

The judges were Dr. J. W. Richard, Dr. G. D. Stahley, W. Arch. McClean and Prof. Harry Lantz. Charles S. Duncan was chairman of the meeting.

The winning team was given the prize of \$24 donated by Prof. William J. Gies of Columbia University and also entitles them to debate against the Senior team in the final contest in May.

The six fraternities held their annual Washington's Birthday dance Friday evening, which had been postponed owing to the suspension of the sophomores. It was quite a success.

The patronesses for the function were Mrs. C. S. Duncan, Mrs. D. P. McPherson, Mrs. S. McC. Swope and Mrs. Wm. Arch McClean, of Gettysburg, and Mrs. N. S. Shearer and Mrs. H. R. Rupp, of York. Twenty-eight members of the Junior class held their banquet at Hotel Gettysburg, Friday evening. After feasting heartily toasts were responded to by a number of the class.

The Freshmen are wearing their new caps.

**William Guinn Dies Suddenly:** How suddenly and unexpectedly, at times, death comes, frequently striking where least expected and looked for. In this instance it was the case in the death of William Guinn, who passed away at his home on Buford avenue yesterday morning at 10:45 o'clock from the effects of a stroke of paralysis received at 6 o'clock the same morning.

Mr. Guinn was employed as a helper at the college, and arose at the usual hour yesterday morning. He had dressed and was about to leave the bedroom when he was stricken with paralysis and fell to the floor. His wife went to his assistance and with her aid he succeeded in getting back to bed. For a brief period after he was stricken he was conscious and conversed with Mrs. Guinn. Dr. Hartman was immediately summoned, but medical aid proved of no avail and he soon sank into an unconscious condition and died at the time above stated.

Deceased spent his entire life in this place and vicinity. Mr. Guinn was one of those brave men who served his country as a soldier, having been a member of Co. E, (Capt. Buehler's Company) Second Pa. Regiment. Had he lived until the 20th of March he would have been 75 years old. He is survived by his wife, whose maiden name was Miss Rosa Wert.

**Family Reunion:** At the home of Jesse Peters and wife, at Guernsey, Pa., a reunion of the entire family was celebrated on the 9th inst. The occasion brought together all the children and their wives and some of the grandchildren. A peculiar coincidence of the occasion was that they had never before met at one gathering. It was a happy occasion and all enjoyed the social intercourse and no less the bountiful and delicious dinner which was served at one o'clock.

**Local Miscellany:** The United Telephone and Telegraph Company has started work on reconstructing its new lines.

A new canning factory will be erected at Kingsdale. Nearly all the stock has been subscribed.

Work is being pushed at the new brick plant. As told previously the Company has many large orders

## Today's Talk

## DUTCH TREAT CLUB

Since mentioning the name of the Dutch Treat Club recently many have written me wanting to know what kind of a club this is. Well, it's a gathering of men who meet each Tuesday for luncheon at a prominent New York hotel. Its members comprise many whose names are household words all over the nation.

There are probably more famous artists, writers and patrons of the arts gathered in this one place than any in America on the same day! Guests from scores of newspapers from all over the United States have been here. There is the luncheon and then fifteen minutes or so of entertainment by prominent singers from the Grand Opera or current shows, and a talk of about twenty minutes by some outstanding public figure. A recent speaker was ex-President Herbert Hoover who is also a member.

All sides of public questions are discussed by the speakers — and all is off the record — a thing that is strictly adhered to. This gives the speaker the opportunity to say what he pleases without being quoted. Time limit is 2 p.m. I have been honored by being a member for many years. The club has been in existence for some thirty years. A more friendly and inspiring group of men could be difficult to imagine. I meet more of my friends at any one luncheon than I would otherwise meet in an entire year!

The presiding officer of Dutch Treat at the present time is John Chapman, the able columnist for the New York Daily News. The popular and unique former president of the club was Ray Vir Din who recently died. Contact with such a wonderful body of men who are doing big jobs in the world as writers, editors, artists and leaders in many professions is enough to inspire any man!

Tomorrow Mr. Adams will talk on the subject: "Go On — And On."

## MEANT TO

Something kind I meant to do.  
Thought of it, but didn't do it.  
So there was a good friend who  
Missed my flowers but never  
knew it.

Thought a letter I would write.  
Wish today that I had penned it.

Now his soul has taken flight  
Never knew I meant to send it.

Passed a good friend's house  
today.  
Could have stopped, but kept  
on going.

What I had in mind to say  
He can have no way of  
knowing.

Didn't do the things I should.  
Gifts and notes I never sent to  
Friends to cheer them when I  
could.

Wonder if they knew I meant  
to?

## CAR IS THROWN AGAINST PUMPS

An automobile turning toward the Frank Warnick store, three miles north of Hanover on the Cross Keys Road, for gasoline, Monday afternoon at 4:15 o'clock, smashed into the gasoline and kerosene pumps there after being struck by another car, police reported.

According to state police, Merle W. Wilson, 22, Carlisle R. 2, was headed north and had slowed while beginning a left turn toward the store. Allen M. Martz, 17, Hanover R. 5, also headed north, came over a hill, saw the car moving slowly ahead, braked, and skidded into the Wilson car, driving the Wilson vehicle into the kerosene and gasoline pumps. The kerosene pump was broken off and the gasoline pump damaged. There were no injuries. Damage was estimated at \$150 to the Wilson car, \$100 to Martz's vehicle and \$100 to the pumps owned by the Aero Oil Co., New Oxford.

In another crash on Adams County highways Monday three persons were injured, Police said Horace J. Sofia, 60, Buffalo, N. Y., was driving south on the Harrisburg Rd. eight miles north of here when his car skidded on the slippery highway and struck a utility pole. Sofia received a back injury. His wife, Jean Sofia, and another passenger in the car, Herman Grisanti, also of Buffalo, were also treated at the Warner Hospital for injuries. The accident occurred at 9:45 o'clock Monday morning. Damage to the car was estimated at \$550.

## Letter to the Editor

The Gettysburg Times,  
Gettysburg, Pa.

Dear Sir:

In reference to the proposal made by someone on the Memorial Day committee to change the time of the parade and exercises that have throughout the past decades been held in the afternoon of that day when all the citizens of our community turn out en masse to commemorate the heroic sacrifices of our departed veterans of our fighting forces, I wish to take this opportunity to enlighten the members of the committee on some of the adverse situations that will arise from such a change.

In the first place, everybody, and I mean everybody, has the memory of their own departed loved ones to commemorate throughout the morning of that great day by journeying to resting places far and wide to place fresh flowers on graves, cherished tasks that are private and personal.

Secondly, farmers and other people in the rural areas have the other routine morning tasks to perform. In addition, many people must work for their employers throughout the entire morning, and parade units participating in the exercises are headed by musical organizations that come from other communities a half-day's journey away from Gettysburg; and I assure you that the veterans who fought in the stinking jungles of the Pacific, across the hot sands of Africa, or in the swirling snows and bitter cold of Europe, do not mind in the least if the temperature in the afternoon is five degrees hotter than that of the morning hours.

Another thing, as far as the tourists are concerned, if they are present at the exercises held in the morning, tour the battlefield in the afternoon, and scurry on down into the next state for dinner and lodging for the night, the people in our community who depend on tourist restaurant and motel business for a livelihood will be holding the well-known bag.

I hope the committee member or members who brought up the idea of a change will sit down and think over his mistake and rectify same.

Eugene S. Sickles,  
Captain, Honor Guard,  
Post 202, American Legion.

## Weather Forecast

Extended forecast for Wednesday, March 14, through Sunday, March 18:

Eastern Pennsylvania, Eastern New York and Midatlantic States: Temperature will average near or little above normal, rather cold Wednesday, somewhat warmer Thursday, colder north Friday and Saturday, south Sunday, rain south and rain or snow north Wednesday and Thursday and again about Saturday, total precipitation near 1 inch.

Western Pennsylvania, Western New York, Ohio and West Virginia: Temperature will average near normal, mostly cold Wednesday, warmer Thursday, colder Friday through the weekend, rain or snow Wednesday and Thursday over south about Saturday, total precipitation 3/4 to 1 inch.

The film, "King of Kings," will be shown in the auditorium of the Fairfield Joint High School building Wednesday evening at 7 o'clock under the sponsorship of the Adams County Sabbath School Association. It is being shown in the churches of the six districts as a Lenten project. The Fairfield showing is for members in the second district. An offering will be received for the county board to help further its work.

part of the men and women who have served unselfishly as board members. Whatever success I may have had as an administrator must be attributed to the loyal support of the teachers and board members. "Any service that I can render for the Board in the selection of a successor, I shall gladly perform. Be assured that I shall always maintain a keen interest in the schools which I have served for such a long time," the letter concluded.

Dr. Keefeauver was re-elected as superintendent of schools here in April, 1954, for a four-year term.

## Schoolman Forty Years

He has been head of Gettysburg schools since the fall of 1926 when the high school moved from the present Lincoln school to the original unit of the present high school building. All of the units added to it were erected during his administration. Last fall the new elementary school building went into use, named in his honor as the Keefeauver Elementary School.

The Gettysburg jointure was formed in his administration while student body and faculty expanded far beyond the figures for 1926.

Dr. Keefeauver, a native of Mt. Joy Township, was graduated from Gettysburg College in 1915. The next year he taught and was athletic manager at the former Gettysburg Academy. Then he taught at Cape May Court House, N. J., for two years before going into the army. After the war he was principal and coach in the Hampstead, Md., schools before coming back to Adams County as assistant county superintendent of schools. It was from that position that he stepped into the supervising principalship of the Gettysburg schools after the retirement of the late Miss Helen B. Cope.

(Continued from Page 1)

ment by Communist leaders that "War to the hilt between Communism and capitalism is inevitable . . . Our time will come in 20 or 30 years," Colonel Laney said the nation's air defense in based on a belief that an impregnable defense and a strong striking power will prevent that "inevitable war" foreseen by the Communist party in official statements made in 1937. The statement also said the Communists, in anticipation of the war, would precede it by "the most spectacular peace offensive on record."

**Spotters Spotted "Enemy"**  
Describing the radar network already in existence and being expanded, Colonel Laney said it was a "lonely Ground Observer Corps spotter in the northern woods" who gave the air defense command the first warning in a recent "mock attack" made on the nation by the Strategic Air Command.

The SAC was able to avoid radar, but the civilian aircraft spotter saw the huge planes gathering for the attack, and sent in the warning that readied the entire system.

Colonel Laney said the air defense "depends upon all phases of its organization, on the picket planes that roam far out over the ocean and into the arctic wastes to pick up the approach of possible enemy planes; on the radar towers in the ocean and radar network along the coasts and in the arctic area, and radar in Canada and the U. S. and on the spotters and radar in the U. S. as well. All must be alert 24 hours a day, seven days a week. The Air Force has interceptor bases to meet enemy planes.

## Can't Escape Nike

"And the army provides the anti-aircraft around cities and strategic areas. It is all tied together in the Continental air defense command. The interceptors have the duty of hitting the enemy planes hard, and break them up, but it is impossible for the interceptors to get all planes if the enemy makes a determined attack, so the anti-aircraft is needed to get the remainder."

He described the 90-millimeter anti-aircraft guns, good up to 37,000 feet and the super-sonic guided missile Nike. Once the missile is "fastened" on a target the target cannot escape, Nike, Colonel Laney said, "can outmaneuver and hit any known plane in the world." He showed a motion picture of the training of the crews that man the Nike outposts.

Lions President Earl E. Ziegler presided. Burgess William G. Weaver spoke briefly on the 150th anniversary of the establishment of Gettysburg as a borough.

There were 643 people killed in New York City traffic accidents in 1955.

## Announce Contest

Other guests of the Lions Club included Dr. Gerald Orosz, Dr. Gilbert Oddo, William Morgan, Maryland State Police trooper from the Emmitsburg sub-station; Daniel Kass, Emmitsburg borough policeman; John Law, deputy sheriff of Frederick County; Robert Koonz, chief of police, Taneytown, and former Emmitsburg policeman; Dr. William Fralley, brother of the Lions Club president, Clarence Fralley, and Norman Schriver, son of Ernest Schriver, a Lions Club member who celebrated his 80th birthday Sunday.

Philip Sharpe announced a contest open to all students for the best drawing of a cachet to be used in the 1957 bicentennial celebration in Emmitsburg. Students may submit as many entries as they wish for the \$55 to be given to first, second and third place winners. Ten honorable mentions will also be awarded. The contest closes May 31.

Mrs. Robert Daugherty, general chairman for the celebration, asked the students and members of the Lions Club to publicize the basketball game Thursday night between the teams from the Emmitsburg high schools and the college. No admission will be charged but a free-will offering will be taken. Funds will be used for the bicentennial celebration.

## Mothers Serve Dinners

Mothers and friends of the basketball teams served the dinner Monday evening. Mrs. Robert Daugherty was in charge. About 70 persons were in attendance.

Attorney Hartman spoke on "The Role Sports Play in Building a Good Citizen." He compared the laws of life and of the basketball game and warned the players of getting "out of bounds, taking steps or running with the ball or committing personal fouls." He read a selection entitled "What Is A Boy?" and said that it described what the players had been. He described the visitors as now being successful players and expressed the hope that playing the game had also taught them how to loose.

In selecting the members of life's team, Attorney Hartman said a player should consider the best that his parents want for him, listen to the advice of friends and teachers in school, study the ideals of his country and the men who have fought for it and seek God without Whom life is meaningless. "With such a team a player will succeed in life," he said.

## Temple Jolts Holy Cross, Canisius Nips N. C. State As NCAA Playoffs Start

By ED WILKS

The NCAA eliminations got under way in the national championship basketball tournament last night with the "wrong man" sinking a winning basket, a near-record team point total, two upsets and a minor riot.

Temple gave Holy Cross the boot 74-72 and Canisius upset North Carolina State, ranked No. 2 in the final Associated Press poll today, 79-78 in a record four overtimes at Madison Square Garden. Morehead (Ky.) State rolled up a 107-92 victory over Marshall, and Wayne (Mich.) upset DePaul 72-63 in a pair at Fort Wayne, Ind. Seattle hung on to beat Idaho State 68-66 at Seattle.

The first-round firing in the NCAA tourney that winds up March 23 at Evanston, Ill., continues tonight with Connecticut-Manhattan and West Virginia-Dartmouth at Madison Square Garden and Southern Methodist-Texas Tech and Oklahoma City-Memphis State at Wichita, Kan.

Goul By "Wrong Man" Temple's success against Holy Cross came on a jump shot by 6-6 Fred Cohen with eight seconds remaining. But it wasn't planned that way. Hal Lear, who paired with sophomore Guy Rodgers as a front line in a 2-1-2 zone, was to have taken the last shot. It was the 5-11 Lear who matched All-America Tom Heinsohn of Holy Cross with 26 points.

"We had set up the play for Lear," said Owl Coach Harry Litwak, "but Heinsohn, apparently coming out to help a teammate in the rush for the ball, left Cohen uncovered so Fred got the ball and let it go."

Holy Cross, the 1947 NCAA champ, tried desperately to recover, passing the ball into the 6-7 Heinsohn after a time out with 3 1/2 seconds remaining. Heinsohn's jump shot bounced off the board back into his hands and he shot again. That one hit—but the officials ruled it was after the final buzzer.

Riot Ensues That decision set off a flood of frate Holy Cross fans, but Referee John Stevens and Umpire Vic Di Gravio managed to escape.

Holy Cross Coach Ray Leenig insisted to no avail that Heinsohn was fouled on the last shot, claiming two foul shots should have been awarded.

It was a jumping one-hander by sub Frank Corcoran—his only basket of the game—that belted NC State in the last five seconds of the fourth overtime, which was a tourney mark. The winning play was set up when John Maglio, who with Phil DiNardo had given State a 78-77 lead with two field goals in the last minute, missed a free throw with 14 seconds left and Canisius grabbed the rebound.

Ron Shavlik, handicapped by his broken wrist and four fouls, was high with 25 points for State. Hank Nowak potted 29 for Canisius.

Temple now meets tonight's Connecticut-Manhattan winner and Canisius plays the survivor of the West Virginia-Dartmouth nightcap at the Garden in Friday's second round at Philadelphia.

Near Record Score Morehead, which had a record major college average of 96 points a game, fell just one short of the NCAA team mark in clobbering Marshall's Mid-American Conference champions for a third time this season. Utah holds the record with its 108-85 decision over Seattle last year.

Dan Swartz, a 6-4 center, scored 39 points for Morehead.

DePaul, with a slim bench, was outmanned by Wayne, which got 27 points from 5-11 sophomore Clarence Straughn.

Wayne now meets Kentucky and Morehead plays Iowa in a second round double-header at Iowa City, Iowa, Friday.

Seattle, which meets Utah at Corvallis, Ore., Friday, rode home as sub guard Claire Markey hit six of the Chieftains' last eight points. Dick Stricklin scored the clincher with two minutes left.

## Phillies Will Have Biggest Scoreboard

PHILADELPHIA (AP)—The Philadelphia Phillies are starting construction today of a \$175,000 electrically operated steel and concrete scoreboard that they say is the biggest in baseball.

The board, 79 feet high and 75 feet wide, will be easily visible in all parts of Connie Mack Stadium.

A Phils official explained the vast amount of money being spent for a scoreboard rather than on ball players—"there are companies in business to sell steel and concrete. Nobody wants to sell a ball player."

## OPPOSES BILL FOR ANTERLESS DEER LICENSES

By DICK HOENIG

HARRISBURG (AP)—The president of the Pennsylvania Federation of Sportsmen's Clubs today declared his opposition to a proposed legislative solution to the knotty problem of issuing antlerless deer hunting permits.

"I don't like it," said Raymond Armstrong, Guy's Mills, when asked about a bipartisan sponsored plan headed for possible final House approval today.

Under the bill introduced a week ago the Game Commission and county treasurers would share responsibility for distributing the permits. Each would handle 50 percent of the number the commission decides to make available in keeping with its deer management problems.

Takes No Stand "The federation hasn't taken any official stand on this particular bill as yet," said Armstrong. "We meet March 23-24. But more than a year ago we adopted a resolution favoring issuance of all the doe licenses from a central state agency."

The federation has some 180,000 members in affiliated clubs throughout the state.

The new issuing plan is the result of a resolution adopted by the House Jan. 16 authorizing the Conservation and Wild Life Committee to make a thorough study and recommend corrective legislation. The new bill was offered by three Democrats and two Republicans on behalf of the committee after a single public hearing on the subject.

Have Handled Distribution Since 1952 county treasurers have handled the complete distribution of doe permits. Every year the commission has declared an open doe season since then has resulted in vigorous protests against the licensing procedure from hunters throughout the state.

"This is the best deal we can get," commented Chairman Breth (D—Clearfield), of the committee, when informed of Armstrong's position. The committee approved the bill not only before its introduction but the day after in sending it to the floor of the House for a vote.

Armstrong based his opposition on the division of responsibility for issuance of the permits.

"Could Send All Permits" "If they are going to set up the machinery in Harrisburg to distribute half of the permits available the same force could send out all the permits. I think such a procedure would give every hunter an equal chance at all the permits," he said.

Committee members and officials of the Game Commission have taken the position that the split distribution will give more hunters a fairer chance at obtaining licenses.

CLEARWATER, Fla. (AP)—It was only a three-inning stint, but Curt Simmons' pitching performance against the Pittsburgh Pirates yesterday has the Philadelphia Phillies camp in a happy mood.

The big left-hander, generally ineffective last year following an arm injury, looked like his old self as he blanked the Bucs during his turn on the mound with just two hits.

Catcher Andy Seminick said Simmons' curve was working well and that on several occasions his fast ball was the same scorching that made him a feared sight for National League batters before his arm injury.

## SAN FRANCISCO ENDS SEASON ON TOP OF HEAP

By HUGH FULLERTON JR.

The Associated Press For the second straight year, the University of San Francisco will go into the NCAA Basketball Tournament as the nation's No. 1 team on the basis of regular season play.

San Francisco's Dons, the winningest team in major college history, today received the No. 1 designation from 132 sports writers and broadcasters participating in the season's final Associated Press ranking poll.

They wound up the 1954-55 season in the same position, went on to capture the national title in the NCAA Tournament and swept through all their 25 games in the just-ended 1955-56 campaign without a loss. They have won 51 games in a row.

On Top Every Week They were the experts' pick to repeat in the preseason AP poll and have been on top every week through the season.

In the final balloting, 66 voted San Francisco first and 39 others put them second. In terms of the usual 10-9-8, etc., point scoring from first to tenth places, San Francisco polled 1,161 points.

North Carolina State, champion of the powerful Atlantic Coast Conference, finished second place, but with only 809 points. Then came Dayton, Iowa, Alabama, Louisville, Southern Methodist, UCLA, Kentucky and Illinois.

Only Two Changes There were only two major changes from the previous week. Iowa, which had to go right to the finish to take the Big Ten championship, moved up to fourth place ahead of Alabama's Southeastern Conference champions. Illinois, which blew its final game after being a Big Ten contender all season, dropped from seventh to tenth, allowing Southern Methodist and UCLA to advance.

The leaders, with first-place votes in parentheses: The Top 20

## Open Probe On Boxing Promoter

PHILADELPHIA (AP)—The Pennsylvania Athletic Commission probe of boxing promoter Herman Taylor opens here today. Taylor has been ordered to show cause why his license should not be suspended or revoked.

Taylor, nationally known promoter, has been charged by the commission with conspiring with gamblers and criminals, pirating a fighter, managing a fighter without a license, and holding a financial interest in a fighter while a promoter in alleged violation of the law.

The promoter has denied all the charges.

## FRENCH SENATE GETS BILL TO QUELL REVOLT

By JOSEPH E. DYAN  
PARIS (AP) — Premier Guy Mollet's bill for sweeping emergency powers to quell the Algerian rebellion went to the Senate today backed by overwhelming approval in the National Assembly.

The Senate was expected to act either tomorrow or Thursday.

The measure authorizes broad shake up the Algerian administration and break up vast landed estates for the benefit of Moslem tenant farmers.

**Wave Of Desertions**

The action came as a wave of Algerian troop desertions plagued the French army in the North African territory.

The National Assembly adopted the bill 455-76. Only the followers of Pierre Poujade, the anti-tax leader, voted against Mollet as a group. Communist leader Jacques Duclos surprised most political observers when he threw his bloc of 150 votes to support of the bill.

Just back from Moscow and the Soviet Communist Party Congress, Duclos made it clear his votes were going to Mollet in an effort to bolster the Reds' current campaign for a "popular front" with the Socialists.

**Can Censor Press**  
In a statement to the Assembly, Mollet made it equally clear he was avoiding any entanglement with the Communists.

Mollet's resident minister in Algeria, Robert Lacoste, waiting in Paris for the grant of power, was expected to rush back to Algeria as soon as the Senate acts and then to launch an all-out effort to end the rebellion.

He is expected to proclaim a state of siege over much of the Algerian countryside and set up centers of protection for isolated French farmers living in terror of rebel raids.

The bill gives Lacoste the right to censor the Algerian press and radio.

Mollet's announced aim is to restore order as a prelude to Algerian elections which would designate a leadership empowered to negotiate an improved status for Algeria.

## MENTALLY ILL WOMEN, GIRLS GO TO MONT ALTO

The first group of mentally deficient women and girls are scheduled to take up residence at the former Children's Hospital, Mont Alto, within the next few weeks.

Starting early in April, female patients will be transferred in small groups from Pennhurst State School, Spring City, to the newly-dubbed Pennhurst Annex, South Mountain.

Eventual patient population at the Annex is scheduled to hit the 400 mark, according to authoritative sources.

**Children Removed**

Use of the Department of Welfare's recently-acquired hospital at South Mountain will aid in relieving congestion at Pennhurst State School. Patients at both sites will benefit, those transferred to Mont Alto and those who remain at Pennhurst, said a member of the department.

Children who formerly occupied the hospital, under the Department of Public Health regime, have been moved to quarters on the second floor of the Adult Hospital.

Facilities of the former Children's Preventorium are being revamped to accommodate the prospective inmates.

**Screens Removed**

Painting and decorating has

freshened up the interior where needed. "Sneeze screens" have been removed from the sleeping quarters and additional beds have been moved into the wards.

The auditorium of the building, reception hall, dining rooms and former play rooms will be of advantage in the new use of the structure.

Directional signs, "Pennhurst Annex," have been installed at the entrance gates of the Mont Alto State Sanatorium and in other strategic spots.

**Attendants Needed**

The problem of securing a sufficient number of attendants to aid in caring for the patients and in supervising their activities is expected to be solved through the recruiting of workers living within a wide radius of South Mountain.

Some applications for jobs have already been received.

The transfer of patients to the Annex will proceed at a leisurely pace. Each group of 20-25 girls and women will be oriented into their new surroundings before additional inmates are introduced to the hospital population.

**GAZA, Egypt-Held Palestine**

A military spokesman said an Israeli outpost opened fire Monday on an Egyptian post near Deir el Ballah, south of Gaza. He said there were no casualties and the Egyptians did not return the fire.

Earlier two Israeli planes circled over the El Arish area and were driven off by Egyptian anti-aircraft fire, he added. Egypt complained of both incidents to the Mixed Armistice Commission.

## Gets Tax Notice On Lot 21 Years Late

NORTH HOLLYWOOD (AP)—The tax collector of Allegheny County, Pa., finally caught up with Mrs. Francis J. Sahr.

Mrs. Sahr said she has received a tax bill from Pittsburgh for \$2.41 plus penalty and interest of \$3.10 on a lot she formerly owned there. She said it was the first notice she had received that taxes were delinquent on the property.

The tax bill covered the year 1935.

SALEM, Ore. (AP) — The Oregon Horsemen's Assn. says the horse is making such a comeback that the state highway commission has been asked to do something about

providing bridle trails along public roads and in parks.

A. W. Oliver of Oregon State College reports that horsemanship is one of the most rapidly growing projects in 4-H club work with 714 members in 33 clubs in the state. Some 60 percent of the members are girls, Oliver says.

"Pin Up" to Grandma meant work and worry.

She lifted and carried heavy baskets of wet clothes. She pulled and tugged to put up the clothes line. She reached to get it high enough, pulled to get it tight, wiped to get it clean.

She stretched and bent to put it up—and then to get it down. She carried the basket in the cold or the heat. She worried about rain, sleet and snow. She often postponed her gloomy "Wash Day" and upset other plans.

She often had to pin clothes up twice if forced to take them off the line half-dry the first time. She saw freshly-washed clothes soiled by dirt, dust, soot. She saw garments twisted, torn, faded, shrunk.

No need to go on. All you need to do is go to your friendly electric appliance dealer. Use the low cost way of "conditioning" and "drying" your clothes... electrically.

## Legislators Map Salary Hike Plans For Cabinet, Themselves; Iron Out Kinks In Sales Tax

HARRISBURG — Legislators today laid plans to give themselves and cabinet officers a salary boost.

House Democratic leader Readinger said the current objective is to pay senators and assemblymen \$7,500 a year. Their annual compensation now—including non-accountable expenses—is \$4,500.

Tentative arrangements also call for hiking the salaries of cabinet officers, who received their last pay boost in 1949 to \$15,000 a year, to a new level of \$20,000.

### No Mention Of Governor

Readinger made no mention of what the governor would get in the way of an increase. He now receives \$25,000 a year. None of the salaries would apply to lawmakers or state officials now in office.

The new salary scales would be tied into Senate-passed legislation that would grant Pennsylvania's 195 judges annual salary boosts ranging between \$4,000 and \$5,000. The bill reached the House floor last night a few minutes after the lower branch accepted, 155-28, a plan to expand pension benefits for lawmakers.

Meanwhile, Gov. Leader summoned a meeting during the day among Democratic legislative leaders and Justice and Revenue Department officials to hammer out the confusion kinks in the 3 per cent sales tax law.

### Could Affect Other Levels

One of the biggest questions is one raised by Atty. Gen. Herbert B. Cohen that the sales tax could be construed—because of what he said was improper drafting—to apply to the wholesale and manufacturing levels.

But both Republican and Democratic lawmakers quickly insisted the legislative intent was to restrict the levy to the retail level.

House GOP leader Smith, proposed last night creation of a bipartisan "watchdog" committee to consult with the Leader administration in interpreting the tax.

Smith said Cohen was seeking "to destroy the public's confidence" in the Republican-sponsored sales tax. Readinger, who doubles as chairman of the House Rules Committee, said the "watchdog" idea would be pigeonholed.

### Introduce Exemptions

Two House Republicans—Reps. Wescott (Susquehanna) and Hocker (Dauphin)—introduced legislation to exempt fuel oil, gas and steam bills from the sales tax.

Their plan was given little chance of becoming law because it would cost between 15 and 20 million dollars in anticipated revenue.

In the Senate Democratic leader Dent, an opponent of the stamp plan for collection of the sales tax, asked that the July 1 effective date be set back to Jan. 15, 1957.

### Salary Changes No Surprise

With the sales tax on the law books and the commonwealth's 14-month tax deadlock broken, the developments on the legislators' salaries and pensions came as no surprise.

Senators and assemblymen receive \$3,000 as salary for a two-year session. That figure has been the law for decades.

But in 1949 they voted themselves a \$100 a month expense account and dropped their small allowances for stamps and similar items. Their expense accounts are not subject to audit.

### Expense Account Hike Vs. Pay Boost

The \$100 a month figure was jumped to \$150 in 1951 and to \$250 in 1955. The question now is whether to provide for the extra \$3,000 a year compensation in the form of a formal salary boost or in the form of an expense account hike.

The pension bill passed by the House last night goes back to the Senate for concurrence in minor changes before being sent to the governor.

It would set the lawmakers apart from other state employees. Instead of retiring at 60 as an ordinary state employee, the retirement age for senators and House members would be 50.

### List Other Provisions

Other major provisions would:

1. Cut from 25 to 10 years the length of service required before a lawmaker could qualify for retirement benefits on service.

2. Raise lawmakers' pension payments into the fund 2½ times the present figures.

3. Increase the maximum pension from \$1,500 a year to an unfixed figure based upon actual length of service.

4. Double the salary base upon which pensions are figured, making the new sum \$6,000.

Rep. Bower (R-Northumberland), a member of a bipartisan committee that drew up the pension plan, estimated it would cost the state about \$200,000 a year for the next 10 years to make up the state's share of the pension for veteran lawmakers.

### TRAFFIC CHARGES FILED

C. A. Hankey, New Oxford R. 1, has been charged with exceeding the speed limit on Carlisle Street, in Hanover, and Herbert L. Nichols, Littlestown R. 1, with a similar violation on Elm Avenue Friday night. Eugene H. Thomas, York Springs R. 1, was charged with a red blinker light violation early Saturday. The informations were filed by police with Justice of the Peace William Y. Naill Jr., Hanover.

Twenty-six youngsters have signed so far for membership in the proposed Junior Rifle Club to be organized here next month. Those planning to join the organization, boys and girls under 18, may register at the Gettysburg News and Sporting Goods Agency.

The club is to be sponsored by the Firing Squad of the local Veterans of Foreign Wars in cooperation with the sergeants of the local ROTC and Chief of Police Jack Bartlett. At a meeting of the firing squad March 20 final plans will be made for a meeting of the children interested and their parents with the firing squad members and the parents will be notified of the date of that meeting.

The club will be operated in affiliation with the National Rifle Association and both indoor and outdoor shoots and instruction are planned.

## TROOP HOLDS GRADUATION CEREMONIES

Girl Scout Troop 26, organized as a Brownie Troop in 1947, participated in graduation ceremonies Monday evening, held in connection with the monthly meeting of the leaders and troop committee members of the Brownies. Intermediate and Senior Girl Scouts, at the engine house.

The girls who graduated from Girl Scouting, all members of the senior class of the Littlestown Junior-Senior High School, are: Susan Baumgardner, Barbara Helwig, Susanne Long, Fay Fissel, Lois Shull Sells, Nancy Yingling, Joyce Brown, Nancy Trump, Nancy Slusser, Pansy Knight, Loraine Snyder, Anne Karna and Marybel Marshman. Of these thirteen the first five were with the troop from the time of its organization, as Brownies, with Mrs. Leonard Kerschner as the first leader. Present leaders are Mrs. Charles Rabenstein and Mrs. Clinton O. Sentz, with troop committee members, Mrs. William H. Marshman, Mrs. Alvin J. Groft and Mrs. Paul R. Snyder.

### Flag Is Presented

The graduation ceremonies opened with the pledge to the flag; "America" with Fay Fissel as accompanist; Girl Scout pledge by Troop 26 and their leaders; a history of the troop by Nancy Yingling; song, in harmony "God Gave The Wise Men Their Wisdom" by Troop 26; remarks by Mrs. Rabenstein; reminiscences of troop activities, from the members of the troop; song "We Will Miss You," with words by Mrs. Sentz, to the tune of "Farewell To Thee." Senior pins and a memento of Girl Scouting were presented to

each girl by their leaders and Susan Long, on behalf of the troop, presented gifts of appreciation to Mrs. Rabenstein and Mrs. Sentz. The troop depleted its treasury by purchasing a nylon American flag, which Joyce Brown, on behalf of Troop 26, presented to Mrs. Kerschner, local representative of the Adams County Girl Scout Council, for the new site near Fairfield, which has been named Camp Happy Valley. Mrs. Sentz spoke on behalf of the committee members, after which slide pictures were shown of activities of the troop through the years, many of which were taken and presented to the troop by the late Dr. Arthur C. Richards Jr. Mrs. Richards was at one time leader of the troop. The graduation ceremonies concluded with the friendship circle and taps.

### Give 5-Year Pins

Mrs. Kenneth K. Kroh and Mrs. Robert H. Miller presided at the business session which followed, when five-year pins were presented to Mrs. Rabenstein and Mrs. Noah Strevig. Reports were heard from troop leaders concerning current activities. All leaders are asked to report to Mrs. Miller, before the day is over, the number of girls from their troop, who attended the Juliette Low Rally in Gettysburg on Saturday. A fee of ten cents for insurance must be paid for each girl attending.

Plans were made for a fly-up ceremony for the Brownies of Troop 43 at the May 14 troop committee meeting. It was noted that the next meeting on April 9 will be held downstairs at the engine house instead of in the second floor meeting room. A Camp staff personnel meeting will be held on April 23 at the engine house, to make preparations for the annual week of day camp at Camp Little, to be held this year the week of June 18.

### Judge Windows Today

It was announced that Patricia Rippeon of Troop 13 had been selected as the local Scout to present the contribution of the Littlestown Troops to the Juliette Low Fund,

because she was the one who sold the most cookies from all of the troops. It was announced that the new campsite at Fairfield had been named Camp Happy Valley, and that Troop 1 of Arendtsville had submitted the name.

Judging of the window displays of the local troops, which are competing with the displays of the Fairfield and Cashtown troops, took place today. The Rev. Arthur E. Leeming, Mrs. Cloy I. Crouse and Mrs. John F. Feeser Jr. served as judges and the winners, who will receive cash awards, will be announced tomorrow. Troop 13, Mrs. A. G. Ealy, leader, has their display at the telephone office, and it is a replica of the campsite, Camp Happy Valley, complete with barn and dolls dressed as Scouts, participating in camp activities. Troop 39, Mrs. Carroll Arter, leader, has their display at Arter's Upholstery on W. King St., and portrays Scouting through the years, from Brownies to Seniors.

### Other Displays

Troop 43 Brownies' display in the John L. Redding barber shop window includes the projects which they have made this year, aprons, covered coat hangers, an assortment of painted trivets and numerous other handicraft. Mrs. Kenneth K. Kroh is leader. Troop 45, Brownies, with the display in the window at the telephone exchange, has a large Brownie doll in the center with a ribbon leading to each of the dozen projects made during meetings this year, including Thanksgiving turkeys, cookie jars, etc. There is also a collection of foreign dolls in the display. Mrs. John Kump and Mrs. Emerson F. Muller are leaders.

Troop 51, Brownies, Mrs. Leonard Kerschner, leader, has followed the theme "Belonging, Believing and Building," in their display in the John L. Redding barber shop window with troop activities for the former; a wooden cross for the second portion and a log cabin for the third part.

## Israelis Accused Of Killing Woman

AMMAN, Jordan (AP)—Jordan accused Israeli forces today of attacking a Jordanian border village, killing a 70-year-old woman and injuring three members of the Jordan national guard.

Lt. Col. Mohamed Ishaq, Jordan delegate to the U.N. Mixed Armistice Commission, claimed the attack was made yesterday on the village of Bartha, which straddles the boundary between Jordan and Israel.

Ishaq claimed the Israelis fired with automatic weapons and mortars for three hours. He said it was believed return fire from the Jordan guard had hit several Israelis.

The Israelis claimed that Jordan troops fired earlier yesterday across the border at Bartha, killing a policeman and injuring two others in the Israeli portion of the settlement.

It was the first serious incident reported on the Israel - Jordan frontier in four months.

which recently flew up to Intermediate, has portrayed the fly-up ceremony in their display at "The Photo Shop" on E. King St. Bernice Currens is the leader.

At the weekly meeting of Troop 43 on Monday after school, a Girl Scout story was read to the members by troop aides Donna Reaver and Carolyn Harrison. Plans were made to make clothes-pin dolls at next week's session, and in addition to the pins, the girls are asked to take scraps of all kinds of material and crepe paper to be used for dressing the dolls. Some will follow the circus theme of dress and others, cowboys and Indians. A game session was held prior to the closing of the meeting.

Kaiser Aluminum's plant at Newark, Ohio, is supplied gas by National Gas and Oil Corporation, a customer of Texas Eastern.

Natural gas transported from the Southwest via Texas Eastern pipelines is an important manufacturing tool for Kaiser Aluminum Company. Many critical heat-treating operations are necessary to produce screen wire 12/1000 of an inch in diameter from 200-lb. aluminum ingots. At Kaiser, furnace temperatures from 800°F. to 1500°F. are rigidly controlled and economically sustained — thanks to natural gas. ## ANALYST GIVES ABC ON BRITISH COLONY, CYPRUS

By JAMES MARLOW  
Associated Press News Analyst  
WASHINGTON (AP)—This is an ABC on the British colony of Cyprus, where violence and demands for union with Greece are straining relations between three Western allies: Britain, Greece, Turkey.

This island, at the eastern end of the Mediterranean, is Britain's last stronghold in the Middle East, a base for air and ground troops. She has had to withdraw from area.

Of Cyprus' 500,000 people, 400,000 are of Greek descent, 100,000 Turkish. The Greek Cypriots, led by their spiritual and political head, Archbishop Makarios of the Greek Orthodox Church, want self-government and eventual union with Greece.

Closer To Turkey  
The island, which is about 40 miles from Turkey and over 600 from Greece, has not been held by Greece since very ancient times. The British have run it since 1878. The Greek government supports the Greek Cypriots' campaign.

The British refuse to get out. They have offered the Cypriots some measure of self-government but insist on handling its defense and foreign relations. Turkey backs Britain, knowing the Turkish Cypriots would be outnumbered four to one by the Greek Cypriots if the British withdrew.

Fifteen British soldiers have been killed on Cyprus since last September when the Greek Cypriots began to back their demands with terrorism. There have been riots in Greece against the British. It will have developed between Greeks and Turks. The Greek government has asked the United States to intervene.

In 1878 the British, by treaty

with Turkey, took over the occupation and administration of Cyprus. Britain annexed it when she got into World War I against Turkey in 1914. Turkey recognized this annexation in the Treaty of Lausanne in 1923. And in 1925 Britain made Cyprus a colony, under a British governor.

The demands of the Greek Cypriots have grown increasingly bitter and violent. A terrorist organization, called the National Organization of Cypriot Fighters, is charged with the killing of the 15 British soldiers.

The British have made arrests and house-to-house searches. They have offered rewards of as much as \$14,000 for information leading to the arrest of terrorists or the discovery of arms.

### Greeks Refuse Offer

A week ago the British made their offer—some self-government for the Cypriots while Britain controlled defense and foreign affairs—to Archbishop Makarios, the toughest foe they had on Cyprus. He held out for other concessions and refused to call off the violence. For example, he wanted pardons for political prisoners. Last Friday he announced he was going to Greece to talk to the government there.

The British seized him and several others as he was boarding a plane and said they were exiling him. They shipped him and his companions off to the Seychelles Islands in the Indian Ocean. This brought more violence in Cyprus: shutdowns of business, a general strike, shootings. And on the mainland, Greeks responded with riots against the British.

REQUEST THIRD JUDGE  
HARRISBURG (AP)—A measure to authorize a third Common Pleas judge in York County was sent to the House Appropriations Committee last night. All bills involving an appropriation are sent to the committee as a routine matter.

If present trends continue, California will have more people than New York state in 1967, Metropolitan Life Insurance Co. statistics indicate.

## Ask Inquiry On Clemency Grants

HARRISBURG (AP)—Two Delaware County Republicans want a legislative investigation of what they call "charges made of improper granting of clemency by the State Pardon Board."

A resolution submitted in the House last night by Reps. Bell and Isaacs said the study is needed to "preserve the administration of criminal justice."

Both lawmakers said the March, 1955, grand jury in Delaware County condemned the Pardon Board's action in recommending the pardon of several convicted slayers.

"Clemency dispensed in a manner condemned by a grand jury and seriously questioned by responsible newspapers is well subject to inquiry by the Legislature," the resolution reads.

If approved by the House and Senate, the resolution would set up a six-man committee, equipped with subpoena powers, to make the study. The resolution was referred to the Rules Committee.

## Reports Membership Gain; Fewer Churches

PHILADELPHIA (AP)—The Philadelphia Presbytery today reported a membership gain and a decrease in the number of churches in 1955.

The decrease in churches was due to mergers, Dr. John K. Lynn, stated clerk, said at a meeting of the Presbytery at Olivet Church, Prospect Park.

The Presbytery now numbers 98,161 communicants, a slight gain from 1954, while the churches total 177. The Presbytery embraces the counties of Philadelphia, Bucks, Berks, Delaware and Montgomery. The Presbytery accepted the resignation of the Rev. Dr. William J. J. Wiseman of Darby Church, who has accepted a call to White Plains, N.Y.

## FBI Seeks Bank Robbers

In view of the splendid results achieved through the generous public service of the Nation's news media in focusing public attention on badly wanted fugitives, The Gettysburg Times is again requested by the FBI to publish the photographs and background data regarding Thomas Connelly, Angelina Connelly and Redmond Cribbin.

Shortly after 8:30 a.m. on April 6, 1955, an employee of the Chase Manhattan Bank, Woodside Branch, Queens, New York, was abducted by three armed men while en route to work at the bank. These men, after forcing the bank employee to accompany them, used him to gain access to the bank premises. Heavily armed with guns, including a machine gun, the three quickly cowed the employees of the bank and locked them in the vault. The bandits made good their escape with over \$12,000 in cash.

An authorized complaint was filed before the U.S. Commissioner in Brooklyn, New York, on August 10, 1955, charging Cribbin and Thomas Connelly with violation of the Bank Robbery Statute. On August 31, 1955, an authorized complaint was filed before the U.S. Commissioner, Eastern District of New York, Brooklyn, New York, charging Angelina Connelly, the wife of Thomas Connelly, with being an accessory after the fact and also charging her with misprison of felony.

Anyone having any information concerning the whereabouts of these fugitives is requested to contact the Director of the Federal Bureau of Investigation, Washington, D. C., or the Special Agent in Charge of the nearest FBI office, the telephone number of which office is on the first page of local telephone directory.

## MISS TRUMAN PLANS TO HAVE QUIET WEDDING

NEW YORK (AP)—A "very happy" Margaret Truman says she and her silver-haired newspaperman fiancé plan a "small, quiet wedding" in Missouri next month.

The 32-year-old daughter of former President and Mrs. Truman will marry Clifton Daniel of the New York Times in the Trinity Protestant Episcopal Church at Independence, Mo. No date has been set.

Her blue-green eyes twinkling, Miss Truman talked about her romance at a news conference the couple held yesterday. Her father announced the engagement earlier in the day at Kansas City, Mo. Daniel, 43, is an assistant to the foreign news editor of the Times. Slender, brown-eyed and handsome, he's the son of a Zebulon, N.C., druggist.

The couple met last November at the home of George Backer, former publisher of the New York Post. Daniel proposed in January. Neither has been married before, and each is an only child.

Miss Truman, smiling and excited, told newsmen the wedding will be in the same church where she was a choir girl.

It will be a "small, quiet wed-

ding with the two families," she said. And there will be no "big, white, formal bridal gown," she added. "I never have liked that kind of thing."

Miss Truman said Daniel met his prospective father-in-law when the former President came to New York last month for a speech.

Parents Are Delighted  
"Mother and Dad were delighted," she said.

Daniel took Margaret to his parents' North Carolina home last weekend.

"I think it's just wonderful," Mrs. E. C. Daniel, the newspaperman's mother, said in Zebulon last night. His father said:

"I'm very happy he is getting married and happy he is marrying a girl like Margaret Truman. We found her to be a very sweet and charming person."

Miss Truman, a 5-foot-5 ash blonde, has been pursuing her singing career in New York. She has appeared on a daily radio

program and has a TV contract with the National Broadcasting Co.

Will she continue her career? "Well," she told newsmen, "I still have to finish up my contract with NBC, and as for later, Mr. Daniel hasn't put his foot down." "Mr. Daniel," her fiancé said, "hasn't put his foot down and won't."

### LEADER BILL APPROVED

HARRISBURG (AP)—Gov. Leader's proposed statewide program for the training of mentally and physically handicapped children has the unanimous approval of the Senate.

The bill was sent back to the House with a 45-0 vote of approval last night for agreement on minor amendments.

Also approved unanimously and returned to the House for agreement on amendments was a measure that would bar the sale of comic books deemed obscene or inciting to crime or violence to persons under 18 years of age.

# Try the V-8 that smashed 30 world records in one day!

Discover what happened at the thrilling Kingman, Arizona

performance run! Try this Ford yourself... for

pick-up... for passing... for hill-leveling!

You'll love what you experience!

Photographed at world's most modern test track—Ford's new desert proving grounds at Kingman, Arizona.

It's the 225-h.p. Thunderbird Special V-8 you can have now in Ford!

At 6 p.m. on Saturday, February 25, a '56 Ford set out to re-write the record book for performance at the new Ford Proving Grounds in Kingman, Arizona. Just a little over one hour later, this 225-h.p. Ford had done it. It had set 30 new world marks—ranging from short runs to 100-mile performance! To you this record-breaking performance promises the most exciting response ever delivered for so little money. Hills you've long known will disappear. Stop lights will be fast fading memories within instants after your foot nudges the throttle to GO. And when it comes to passing, you'll pass in a wink with plenty of "whoosh" in reserve... you'll know you're safer. You'll get this power from the world's largest-selling V-8, the world's most experienced V-8, the world's most thrilling V-8.

Thunderbird looks, too

But you get more than record-breaking performance when you drive a Ford V-8. You get

the long, low look of the Ford Thunderbird. It's the kind of sleek, years-ahead styling for which Ford is famous.

Let Lifeguard Design Start Protecting You

And, of course, you get Ford's exclusive Lifeguard Design. Among all cars in the low-price field, only Ford gives you this extra protection. Doesn't your family deserve this extra safety in the event of an accident?

More real economy, real stand-up

So whether you judge a car on performance... or safety... or styling, it's easy to see that your best buy is a Ford V-8. And as an added benefit, you get the economical upkeep and built-in value that are part of the Ford tradition. So... come in today, won't you? Slide behind the wheel of this 225-h.p. Ford that set 30 world performance records! Take it out on the road

... and let it whisk you from "whoa" to GO as you've never gone before! When you return you'll understand why Ford is the V-8 with the world's biggest following.

## New Auto Improvements Are Numerous; Watch Left Foot Braking To Up Gas Economy

By FREDERICK C. RUSSELL

The odd part of it is the gasoline car was the one that really got up steam.

Not satisfied with indulging in second thoughts on the new cars some observers have been coming up with even closer examination and finding that the improvements are far more numerous than generally supposed. Few who have studied the newest merchandise realize that the front shock absorbers of one make of car have built-in thermostats to change spring control to suit temperature conditions. Another unusual feature in another new model is the front seat cushion which automatically moves backward when the door is opened for getting into the front seat. If the back of the seat is folded forward the seat automatically moves ahead to allow easier entrance into the rear compartment.

Unusual, too, is the non-slip differential introduced by one of the Detroit producers. It automatically prevents one of the rear wheels from slipping if its tire doesn't get normal traction for a start. Then there is the carburetor with a fresh air intake up front so that the engine never has to breathe overheated, sub-hood air. The transmission automatically locks for parking when the key is taken out of the ignition switch of another new model.

### Revision For Economy

If you drive a car with an automatic transmission, and brake with the left foot, the chances are that you are not getting top gas mileage because some of the time you will be making the engine pull against the brakes. This type of driving is effective in enabling the operator to speed up his responses because each foot is already positioned on the desired control. But often the braking is so speedy the driver is part way toward a stop before his right foot has been fully lifted from the accelerator pedal. It is then that the brakes actually are in process of slowing down the engine while the throttle is partly open. It is quite different from stopping where the driver has to remove his right foot from the accelerator pedal before he moves over to the brake pedal. If you are going to continue left foot braking, better watch this.

Meeting That Wander

It is true that cars tend to wander more when equipped with snow tires, at higher speeds especially. This is because there is a slight change in front-end caster due to the rear end being a little higher. If the car is equipped with power steering the effect may be even more pronounced. Some drivers find that there is less tendency toward wander if the rear tires are dropped in pressure.

"There would be a lot less inefficiency in today's cars if more owners would remember to test

performance on hills as often as possible. Anything that affects hill climbing ability adversely will also have an effect on acceleration.

"With the extra zip which automatic transmissions give many a driver is not fully aware of deficiencies in engine output so long as he merely judges performance by how the car overtakes other cars or keeps up with the traffic procession. But if he puts the engine to work on a hill he quickly discovers a lazy valve, tendency toward overheating, need for checking the breaker points, and late timing."

### This Settles The Point

A very simple bit of observation will help any time you are half way down a street which suddenly looks to you to be a one-way thoroughfare going opposite to your direction of travel. Just look to the right hand side for no-parking signs. Even if all the cars you see are coming toward you the very fact of such a sign means that the street is two-way but that you are supposed to keep moving.

Currently too many complaints about engineering features seem to be based on the erroneous assumption that some of the popular ideas are new. Chief target for criticism is the hydraulic valve lifter which many forget has been serving faithfully since way back in the 30's. Today we hear the V-8 engine discussed as if it were something new and different when as a matter of fact it is a type of motor that has been used successfully in America since 1914. Even the automatic transmission which many motorists find new and which they suspect will worry them was brought out in 1939. Power brakes are over 20 years old on American cars. Today many owners wonder if oil filtration is desirable. It has been in continuous service on millions of motors since 1925.

### Keep These In Mind

Next time you replace the windshield wiper blades, which should be about once a year, keep one of them in the glove compartment for use if the inside of the glass fogs over badly some day when you can't open the venetian windows to defog by air.

Take it easy if the brakes have been relined or if their drums have been ground to bring them back to true roundness. Until they wear in a little there is a good chance that over-use will score the drums.

Promotion for one of my early newspaper columns brings out once again the fact that while we progress there is also a certain degree of retrogression. One line, somewhat amusing in the light of present acceptance of the automobile as a necessity, read "There is more to your motoring than the price of gas, the cigar lighters and the flower vases. It is a big, broad thing with unlimited possibilities." But later on I find the question "Do you realize that you are playing a conspicuous role in the great drama of transportation?" It is in

this phase of it that we seem to be slipping, according to those whose business it is to advocate a higher grade of motor citizenship, better relations with the trade, and greater safety through cooperation with other drivers and the law enforcement agencies. Let's play this role a little more expertly and not pay so much attention to the "flower vases."

### How Are Those Coils?

Because coil springs do not develop the sort of squeaks which often annoy us with the leaf variety there's a tendency to overlook the likelihood of trouble from sagging. If a coil is badly sagged you will know it by little bright spots between sections of the coil that have met in compressing. This is known as "coil clash." You can either replace the coil or use special rubber "bumpers" inserted so as to compensate for the sag. Sometimes noises will develop at the bottom of the coil where it is held in position. To eliminate such noise it is necessary to relieve weight from the coil by jacking the car's frame and then squirting oil on the base.

### What's Your Trouble?

Q In spite of considerable checking the engine of my car refuses to start promptly. It has all new plugs and new breaker points. There are no air leaks around the carburetor. Engine has very light oil and battery is new. K. L. C.

A The automatic choke valve which closes the choke valve when the starting motor is in operation. This is for the initial start. Evidently the circuit for this magnet remains open.

Q What is the highest torque rating of American engines for passenger cars? J. M. Jr.

A I believe this is 405 pound-feet. Several cars have engines in this range.

Q The fan belt on my car makes quite a noise, and not necessarily when it is cold. Have tried various treatments for the belt but without the success others have had with this problem. N. K. T.

A Perhaps the pulleys are out of line.

Q What would cause oil pressure to be unusually low. The oil isn't thinned out with diluent and the motor doesn't overheat. R. H.

A Assuming that the oil pump is in good condition the chances are that your trouble is with a very weak spring in the pressure relief valve.

Q What would cause excessive vibration in the engine? Ignition is right on the button, and there is no trouble with the valves. It just feels as if the engine were out of balance. W. M. McB.

A I suggest that you have compression tested. You will probably find that one or two cylinders are way below the others.

Q I understand that the brake pedal should have free travel of about 3/4 inch on my car. I'm curious to know how much this actually represents in clearance between the piston rod and the piston of the master cylinder.

A It figures about .04 inch.

Q They were able to get rid of an annoying thumping action from one of the tires by replacing it, but no one seems to have

been able to come up with an explanation as to what actually caused the trouble with the one that came with the car. L. G. H.

A Even the engineers are not sure about this. Thump is just one of the things still ahead on the "solved" list.

Q What would cause a whining noise in the automatic transmission of my car? N. T. McN.

A The "drive" on your car is a torque converter. I believe you will find that your mechanic will want to check the primary pump hub in the converter as well as the bell housing.

Q Lately the brake pedal seems to bind. F. G.

A Check the rubber grommet on the toeboard. It may be restricting the pedal's movement.

## Husband Shoots Self After His Wife Dies

UPPER DARBY, Pa. (AP)—Mrs. Dorothy Morton, 50, died on Sunday after a long illness and an hour later, her grieving husband, Harry, fired a pistol bullet into his mouth. Morton was taken to Delaware County Hospital in critical condition.

Morton, 56, a Pennsylvania Railroad clerk, sobbed hysterically over his wife's death and told his mother-in-law and sister-in-law he was going to kill himself. Detective Walter Lyster of the Upper Darby police reported.

Before firing the bullet, Morton

him at 254 Fern St., West Hartford 7, Conn., and enclose stamped, self-addressed envelope for a personal reply. There is no charge.

went to the home of a neighbor and left a sealed white envelope. Lyster said it contained a note in which Morton bequeathed his home to his father and his automobile to his mother-in-law in repayment of a \$600 loan.

HARRISBURG (AP)—Rep. Walter M. Mumma said Monday that he has been advised the present site of the Reading Railroad Station on Market Street has been approved as the location for Harrisburg's new Post Office.

Mumma said agreement has been reached on the price and that steps will be taken to acquire the new site, probably through condemnation proceedings, as soon as the necessary appropriation by Congress becomes available.

## BOLSTER U. S. FORCES

### ABOARD USS FORRESTAL

GUANTANAMO, Cuba (AP)—The United States will send this super aircraft carrier, the most powerful vessel of its fleet, to bolster American naval forces in the Mediterranean next January.

This was disclosed by ship officers Monday as newsmen arrived to witness the first public demonstration of the 70,000-ton carrier's jet plane operations.

## DISCIPLINARY ACTION

TUSCALOOSA, Ala. (AP)—University of Alabama trustees Monday expelled one student, suspended three others and approved lesser punishment for 21 more in disciplinary action arising from student rioting against Autherine Lucy, the school's first Negro student. Leonard Wilson, 20-year-old Selma, Ala., sophomore, was expelled.

## ANTI-BRITISH STRIKE GOES ON IN CYPRUS

By L. S. CHAKALES

NICOSIA, Cyprus (AP)—An anti-British strike continued in Cyprus today, keeping commercial life on the riot-torn island almost at a standstill for the second consecutive day.

The spontaneous shutdown by Cypriot shopkeepers and workers is protesting Britain's exile of Archbishop Makarios, leader of the union-with-Greece movement. A few shops hesitantly opened their doors this morning but closed again as word spread to continue the protest.

Business places in the Turkish and Armenian quarters remained open.

### Turn To U. S.

Military patrols were out in strength in the island's principal cities and towns but no fresh disorders were reported.

As tensions continued to mount, a U.S. State Department spokesman in Washington said the United States has suggested to Britain that she find some way of resuming negotiations with Cypriot leaders in the dispute over the island's future.

Greek Foreign Minister Spyros Theotokis announced that his government was making vigorous representations to the United States over recent developments on the British island colony in the eastern Mediterranean which Greece wants to annex.

Theotokis said Greece's ambassador to Washington was instructed to direct special attention to what Greece terms the threats to the West contained in the controversy.

Greek Premier Constantine Karamanlis called for decisive U. S. intervention in the situation, saying, "The future of the free world should be a matter of grave concern."

Trade union leaders in Greece called a nationwide general strike to protest the "barbarous acts of the British in Cyprus and the arrest and abduction of Archbishop Makarios."

## FOUR COUNTIES HAVE INSTALLED NEW TAX PLAN

HARRISBURG (P) — The Bureau of Municipal Affairs said today that four counties have thus far completed installation of the new uniform real estate taxing system while at least 20 more have taken some steps toward its installation. The bureau said that of those counties which have installed the new system it was doubtful that any had actually begun using it. "Our records, as of Sept. 9, 1955, show that four counties have completed the installation but I doubt that any have begun to use the new system," said John Vanderzell, acting director of the bureau. He identified the four as Elk, Mifflin, Bradford and Greene counties.

## May Be Cheaper To Do It Yourself---And Maybe Not

By MISS FLORENCE FINGER  
County Extension Home Economist

Sometimes it pays to do it yourself. Sometimes it's just as economical to let the manufacturer do the work for you.

Examples of each are cake baking and clothing making. The home-maker can save money by sewing her own garments. She can sometimes save money by using a prepared cake mixture.

A test was made to compare prices between cake mixes and comparable homemade recipes. Four leading manufacturers in one store offered a yellow two-layer, 8 to 9 inch, cake mix ranging in price from 29 to 33 cents a package. When the cost of the eggs or milk was added, the cost of cake cost 37 to 44 cents.

### They Dry Out Faster

The cost for the ingredients for a similar homemade layer cake came to 39 cents, so there was very little difference in price. In the one instance the cake mix was cheaper to buy than the ingredients for a homemade cake. And a comparison of angel food cake mixes showed that the packages sold for about the price of the eggs needed to make a similar homemade cake at that time.

However there is a word of warning. A packaged cake will dry out faster than a cake made from the standard regular homemade method, so in using a package mix, make the cake only a short time before you plan to use it.

### Research On Clothes

Research on the cost of clothes made at home as compared with ready-made garments proved that the higher the quality of construction, the more it pays to sew. This depends on the time the home-maker has to sew, her equipment, and her enjoyment of the creative activity of sewing.

Skilful sewing coupled with short-cut methods and well-organized plans for putting the garment together help to cut time needed to make a garment.

Interesting detail in trimming and unusual combinations of fabrics in texture and color harmony in a simple, well-fitted dress bring the ultimate in satisfaction to the

woman who sews at home.

The homemaker who is deciding whether or not to buy a sewing machine can use these guides to help her decide. What are the family's clothing needs? Is she talented in sewing or willing to learn? Does she enjoy this type of creative activity?

The homemaker who doesn't sew can learn by attending a series of clothing construction projects available through the Agricultural and Home Economics Extension Service. For further information, contact the extension office at the Court House.

## THAILAND WILL GET REACTOR

JAKARTA, Indonesia (AP)—U.S. Secretary of State Dulles flew on to Thailand today after praising the "strong patriotic leadership" of Indonesia's leaders and extending President Eisenhower's invitation for President Soekarno to visit the United States.

In Bangkok, a source close to Dulles said, the secretary would announce Thailand has been selected as the site for the small nuclear reactor the United States has promised to build in Southeast Asia.

Soekarno accepted the invitation to visit the United States for his first trip to the Western Hemisphere. He did not set a date, but an aide to Dulles said it most likely would be some time in the spring.

After his talk with the President, Dulles talked last night with Premier-designate Ali Sastroamidjojo. The latter headed a pro-Communist government for two years until supplanted by the pro-Western Moelem Masjumi party last August. Sastroamidjojo is certain to have Communist support for his new government and possibly may have some Reds in his Cabinet.

## DEATHS

COLLINGDALE, Pa. (AP)—Two robbers grabbed a \$1,573 payroll from a pretty woman cashier yesterday and escaped in a daring daylight holdup.

Twenty-year-old Mary Lou Montgomery screamed for help when one of the unarmed robbers slipped into the driver's seat of her car, snatched a bank bag containing the cash, and made his getaway in a car driven by an accomplice.

Miss Montgomery was carrying the money from the office of the Cook Coffee Co., where she worked, to a bank some five blocks away for deposit.

ORLANDO, Fla.—William Jacob King Jr., 46, cartoonist for the Saturday Evening Post and the New York News-Chicago Tribune syndicate, who also drew cartoons for several magazines. Born in Seattle, died Sunday.

BALTIMORE — Edgar F. Dobson, 81, a vice president and director of the New Amsterdam Casualty Co. and vice president of the United States Casualty Co. and American Indemnity Co., and a record-breaking automobile driver in the early 1900s. Died yesterday.

## GOP WOMEN TO BE ADDRESSED BY MISS ADKINS

Miss Bertha Adkins, assistant to the national Republican chairman, will be the principal speaker at the third 19th Congressional conference of Republican Women's Councils at Allenberry Inn, Boiling Springs, May 12, at 1 p.m. Plans were completed Saturday by the tri-county planning committee at a luncheon at the home of Mrs. A. W. Butterfield, president of the Adams County Republican Women's Council. Mrs. Simeon Goodfellow, chairman, presided at the business meeting.

Invitations will be sent to all Republican state candidates. All interested Republican men and women are also invited.

One thousand tickets have been distributed to the ticket committee. Mrs. Arthur George, Cumberland County, chairman; Mrs. E. J. Fitzgerald, York County, and Mrs. Ethel D. Butterfield, Adams County.

During the business session Mrs. Dale Shugart, Cumberland County, was elected treasurer.

Miss Sonie Wise, York County, will be chairman of the hostess and usherette committee with Mrs. Janet Hartzell and Miss Rachael McCarrell, Upper Allen Council, in charge of decorations.

### Invited To Luncheon

In the receiving line will be Miss Bertha Adkins, Mrs. Sarah Leffler, vice chairman of the Republican state committee; Mrs. G. Ray Murdock, national Republican committee woman, Mrs. Simeon Goodfellow, president of the Federation of Councils of Republican Women, Cumberland County.

MOUNT HOPE, W. Va. (AP)—It was the night of the Mount Hope Oak Hill football game when a man told police he saw someone take a spotlight from a car.

The alert policemen apprehended the culprits soon afterward, and used the field's public address system to announce that the owner could claim his light. No one showed up, but the cops found the owner's identity when they went to their squad car after the game — their spotlight was missing.
